25. APR. 1945 POST-WAR REQUIREMENTS OF CAPITAL GOODS. 6378

Sir,

With reference to my letter No.RF.391-43/Pol., dated the 2nd October 1944 I am directed to forward a copy of the Government of India, Department of Industries and Civil Supplies, letter No.F.26-ID(2)/45, dated the 6th January 1945 and to request that the information required in Appendix A in regard to the official requirements of the Government of Mysore may kindly be furnished to this Residency in duplicate as soon as possible.

2. I am to add that the intention of securing this information is partly for giving advance information to the Secretary of State for goods required from the United Kingdom and to the Agent-General for India in Washington for goods required from the United States of America, and should in no way be taken to obviate the necessity for registration of post-war orders for capital goods in the form sent with my letter No.RF.391-43/Pol., dated the 16th January 1945. 988 28/4/45

3. The information required in Appendix B to the Government of India letter enclosed herewith refers only to those official requirements as opposed to private requirements of individual firms which have not already been notified either to the Electrical Commissioner or the Central Government in the Industries and Civil Supplies Department.

4. I am also to enclose a copy of the Central Government Industries and Civil Supplies Department's letter No.F.26-GID(49)/44, dated the 10th February 1945, with enclosures, and to request that the information asked for may kindly be furnished direct to that Department as soon as possible. In this connection I am to invite a reference to paragraph 3 of the Central Government's letter and to say that the list to be sent now should not include items of heavy electrical equipment which have previously been notified to the Electrical

Commissioner

Commissioner or the Central Government in the Department of Industries and Civil Supplies.

Subject:- Post war requirements of capital goods (machinery)

Sir,

I am directed to invite attention to this Department's letter No.F.26-ID(9)/43 dated the 22nd November 1943 forwarding a copy of Circular letter No.F.26-ID(9)/43 dated the 26th October 1943 addressed to certain selected industries in India on the subject mentioned above. The intention of the circular letter referred to above was to consolidate and to give to the Secretary of State for India an idea of the estimated needs of capital requirements during the postwar period so that manufacturing capacity, shipping priority etc. may be arranged without undue delay. Action in this matter is being pursued.

P.T.O

---

2. It is felt that Provincial Governments may also require capital goods in connection with their own schemes during the period immediately after the cessation of hostilities in Europe. It will be advisable similarly to consolidate their requirements and to communicate them to the Secretary of State. I am therefore to request that you may furnish to this Department as early as possible a list of your requirements of machinery during the postwar period as in the attached appendices.

3. The requirements of machinery for electricity supply undertakings, and mining establishments may however be excluded from your list, since these are being looked after by the Department of Labour.

I have the honour to be,
Sir,
Your most obedient servant,

SUBJECT :—*Post-war requirements of heavy electric equipment by Industrial concerns up to and including* 1950.

GENTLEMEN,

I am directed to invite attention to this Department letter No. F.-26-I.D (9)/43, dated the 26th October 1943, and to point out that the list of requirements of capital goods including heavy electrical equipment called for under the above letter related only to the equipment required during a period of two years after the end of war. The Secretary of State has already been furnished with a list of heavy electrical equipment as indicated in the replies received from you and action in respect of allocation of manufacturing capacity, etc., is being taken.

2. In view of the fact, however, that heavy electrical equipment will continue to be particularly difficult to obtain for a long time in the postwar period, I am to request that your requirements of such equipment up to and including 1950 may be intimated to this Department *not later than* 31*st March* 1945 as in the appendix to this letter.

[P.T.O.

3. It may be noted that the list now called for should not include items of heavy electric equipment already notified by you, *vide* paragraph 1 above.

No. EC 645, 7-11-0
Encls. Applications for registration of Capital Requirements of Govt. Concerns in duplicate

Kept in file locked-

Date 2nd November 1945.

To

The Secretary to Government,
Development Department,
Bangalore.

Sir,

Sub: Registration of Post-war requirements of Capital Goods.

With reference to your letter No. D. 5384(1) I & C 43-44 dated the 13th February 1945 on the above subject, I have the honour to forward herewith applications in duplicate for registration of post-war requirements of capital goods of several Government and Government aided industrial concerns received from (1) the Convenor, Board of Management of Industrial Concerns, Bangalore, (2) the General Manager, Mysore Iron & Steel Works, Bhadravati, and (3) the Superintendent, Government Printing, Bangalore.

Applications for registration of capital requirements from the marginally noted concerns have not yet been received from the Convenor, Board of Management of Industrial Concerns. He has written to state that the proposals regarding the expansion of the Government Soap Factory, have been submitted to Government and that the development of Central Industrial Workshop, Bangalore and of the Mysore Implements Factory, Hassan, are now receiving the attention of the Board and that unless these questions are decided, it would not be possible to forward applications for capital goods for registration in respect of these concerns. As regards the capital requirements of the Mysore Chrome Tanning, Co., Ltd., Bangalore City, it is stated that the question will be decided shortly by the Board of Management of the said company and on their approval necessary application forms furnishing details of capital requirements will be sent to this office for submission to Government.

1. Government Soap Factory, Bangalore.
2. Central Industrial Workshop, Bangalore.
3. Mysore Implements Factory, Hassan.
4. Mysore Chrome Tanning Co., Ltd., B'lore. (Plants for the Textile Dept.)
5. A sizing and Finishing Plant.
6. Plant for a woollen carding, dyeing and finishing factory.

As regards importing a Sizing and Finishing Plant and a Woollen Carding, Dyeing and Finishing Plant for the Department of Textiles, the Director of Textiles has been requested ~~to~~ by the Convenor, Board of Management of Industrial Concerns, to forward necessary proposals for consideration of the Board at an early date.

Applications for registration of capital goods due from the above mentioned concerns will be submitted to Government as soon as they are received from the Convenor, Board of Management of Industrial Concerns, Bangalore. The General Manager, Mysore Iron and Steel Works has stated that the applications now sent include only

such

such of the goods as are likely to be ordered within a course of six months and that further applications for registration will be sent as and when they get ready for placing orders.

The approximate cost involved in respect of the several departments that have now submitted their applications for registration of capital goods is indicated below:

1.	Mysore Iron & Steel Works	Rs. 5,60,000
2.	Director, Engineering and Chemical Industries.	Rs. 2,51,820
3.	Director of Sandal Oil Factories	Rs. 77,97,500
4.	Government Printing, Bangalore	60,000
5.	Director of Textiles -	Cost involved for the Govt. Silk Wg: Factory, Mysore, has not been furnished.

In this connection I may add that the concerns have intimated that orders for machinery, equipment etc., noted in the several applications will be placed by them only after obtaining the sanction of Government or Boards of the constitutions, as the case may be, for their purchase and the allotment of funds required and that, therefore, the applications now sent for registration need not be considered as financial commitments.

Britain Can Deliver Capital Goods

Assurance to Indian Buyers

BOMBAY, Nov. 19.

"INDIA ranks high amongst the countries to which preference is given for export orders. Indian buyers of capital goods can rest assured that their requirements will be executed with the greatest possible despatch, and that British manufacturers can be relied on to adhere to the deliveries which they offer."

So declared Mr Norman Neville, Director of the British Chemical Plant Manufacturers' Association, in an interview. He has just concluded a two months' tour of India investigating India's long-term chemical plant and food machinery requirements.

Mr Neville said that he was very much surprised at the impression that seemed to prevail in India that the United Kingdom was not in a position to give reasonable deliveries.

Stating the case of the average British manufacturer of capital equipment Mr Neville said: "I am purposely dealing with the capital equipment industries because India, with her urge towards industrialisation, is particularly interested in equipping her industries as quickly as possible, and because I know more about them than about the consumer goods industries."

"In the first place, it should be borne in mind that at the present time, there is an accumulation of Indian orders on the books of United Kingdom manufacturers, greatly in excess of the position at any previous time, and that until these orders begin to be worked off, it is inevitable that those who are late in placing their orders should wait their turn. What is wanted is a continual flow of business rather than spates, and it is hoped that the activities of the Planning and Development Department will have the effect eventually of ironing out the load on British productive capacity, and of developing an orderly flow of business such as will benefit both the Indian buyer and the United Kingdom supplier."

Keen to Recapture the Export Market

"The British manufacturer has, hitherto, been handicapped by having had to devote practically all his capacity and staff to the tremendous war effort which Britain has made. But now that peace has returned, he is equally keen on recapturing and developing his pre-war export market.

"And he is, in fact, compelled to do so, for under the controls which still remain in force in the United Kingdom, he will not get supplies of raw materials and of labour, unless a very considerable proportion of his output is earmarked for customers abroad."

"Export orders are being given priority over all but the most urgent of home orders, and India ranks high amongst the countries to which preference is given. Indian buyers can rest assured, therefore, that their requirement will be executed with the greatest possible despatch and that British manufacturers can be relied on to adhere to, and in many cases improve on, the deliveries which they offer.

Note to Indian Buyer

"But there are ways in which the Indian buyer can very materially assist the British manufacturer so as to secure quick acceptance and execution of his orders, and it is to certain difficulties which the British manufacturer is experiencing in dealing with Indian business that I particularly wish to draw attention."

"India's capital equipment requirements fall broadly under two headings:

(A) Individual items of equipment for which it is relatively easy to quote on the basis of catalogue prices;

(B) complete unit process or the equipment or complete factories which cannot be dealt with so readily.

"For his part, the British manufacturer," continued Mr Neville, "is handicapped by a shortage of skilled draughtsmen and engineers capable of handling the mass of inquiries he is receiving from all parts of the world."

It is, therefore, of the utmost importance that inquiries for both kinds of equipment should be as precise and as explicit as possible, for vague inquiries necessitate references back for further information and, therefore, much loss of time.

And, when a manufacturer is faced with a choice between a vague inquiry, and a precise request for a quotation, it is naturally the precise request which will be attended to first.

Let Inquiries be Serious

"Secondly, the British manufacturer wants to be assured that the inquiries which he receives are made with serious intent. Any time he wastes on inquiries which are not likely to lead to business, diminishes the time he can spend on serious inquiries. Every British manufacturer of repute is being overwhelmed by Indian inquiries, and if he finds, on investigation, that a large proportion of these are without serious intent, he will inevitably be prejudiced against them all, and the genuine inquiry will be lost in the welter of spurious ones."

"Then, when a quotation is accepted it usually takes some months before import licences are received, and from personal investigation in New Delhi, I have found that very often this is due to buyers failing to file their applications for registration under the Capital Goods Registration Scheme, even when they have placed provisional orders with the suppliers. Thus, by the time an order is put into execution, more time has often been frittered away than the longest terms of delivery now being quoted.

Be Explicit to Requirements

Mr Neville referred particularly to contracts for complete factories and said: "One of the greatest difficulties has been the shortage of designing and drawing office personnel, for most engineering industries have gladly lent such specialists to Service requirements for without them it would have been impossible to develop atomic energy, to create the new weapons that defeated the enemy and to design the thousand and one items of equipment required in modern warfare."

"These men are now returning to industry with all the added experience they have gained, and the United Kingdom will soon be able to deal with industrial projects as quickly as India can train her industrial personnel to operate their new factories."

"In conclusion, whatever the political future may hold in store for us all, the economic interests of India and the United Kingdom are of a complementary a character, and are so inter-woven, that both in buying from and selling to each other, India and the United Kingdom should from an economic point of view, work together and cooperate to the fullest possible extent.

One last word—my advice to Indian buyers of capital equipment is to be explicit as to their requirements when they make inquiries, provide evidence of the serious nature of their inquiry, such as registration numbers, and spread their orders over as much as possible."

To Consider Demands of Employees

Calcutta Corporation Appoints Committee

CALCUTTA, Nov. 19: The Calcutta Corporation today unanimously decided to appoint a special committee to consider the grievances and demands of municipal employees, and suggest ways and means to provide funds to meet them. It has been estimated that the acceptance of the demands will involve the Corporation in additional annual expenditure of Rs 30,00,000. The employees have given a notice to the effect that they will resort to a general strike from Nov. 23, if their demands are not met.

The special committee will consist of 12 Councillors and has been asked to submit an interim report by November 22.

While the Corporation was debating the situation arising out of the strike notice, the workers were simultaneously holding a mass meeting at a park opposite the meeting chamber. Speeches were made that the decision of the Corporation to appoint a special committee was nothing but an attempt to shelve the whole matter.

Date d 1st December 1945.

To

THE SECRETARY
to the Government of Mysore,
Development Department, Bangalore.

Sir

SUBJECT:- Registration of Post-war requirements of capital goods.

In continuation of this office letter No.E.C.645/45-46 dated the 2nd November 1945 forwarding application in duplicate of several Government and Government aided industrial concerns for registration of post-war requirements of capital goods with the Chief Controller of Imports, New Delhi, I have the honour to forward herewith applications received from the Convenor, Board of Management of Industrial concerns, Bangalore, in respect of three more industrial concerns as noted in the margin for kind transmission to the Residency.

1. The Government Sandalwood Oil Factroy, Mysore;
2. The Mysore Chrome Tanning Co.,Ltd., Bangalore;
3. The Government Dichromate Factory, Bangalore.

I have the honour to be,

No. EC/012/45-46.

Office of the Commissioner of Economi
Development and Planning,
Dated, Bangalore, 2nd January 1946.

TO

THE SECRETARY
to the Government of Mysore,
Development Department, Bangalore.

Sir,

SUBJECT:- Registration of Post-war requirements of capital goods and statement of official requirements of capital goods and heavy electrical plants.

With reference to your letter No. D.4211/I & C 43-44-35 dated the 27th November 1945 requesting to be informed as to whether the several concerns whose applications for registration of capital goods, whic were forwarded to Government with this office letter No.E.C.645/45-46 dated the 2nd November 1945, have also sent similar applications for registration of goods to the Chief Controller of Imports, Commerce Department, New Delhi, as required, I have the honour to state that the Gener Manager, Mysore Iron and Steel Works, Bhadravati and the Convenor, Boar of Management of Industrial Concerns, Bangalore, who were consulted in the matter have replied that the applications of the several Government Government aided and private industrial concerns, which were sent through this Department have not sent similar applications direct to the Controller of Imports. The Mysore Chrome Tanning Company, Ltd., have however intimated that they have forwarded a list of machinery required by them to the Directorate General of Supply, Tanning and Foot-wear Directorate, New Delhi, through the Controller, Leather and Tanning Industries, H & S. Factory, Cawnpore, for assisting them with the necessary Import permits.

I, therefore, request that the applications so far forwarded from this office with letters No. E.C.645 and 856/45-46 dated the 2nd November 1945 and the 4th December 1945 respectively, may be kindly forwarded to the Chief Controller of Imports, New Delhi, through the Residency.

As regards the statements of official requirements of capital goods and heavy electrical plants called for in your letter No.D.8218 dated the 2nd June 1945 as required in the Residency letter No. R.F.

P.T.O.

391-43/Pol. dated the 25th April 1945 and its enclosures, I am to state that the General Manager, Mysore Iron and Steel Works, Bhadravati has replied that the list of post-war requirements of the works had been forwarded with his letter No. 4390 dated the 20th January 1945. These statements in duplicate were forwarded to Government with this office letter No. E.C.1103/44-45 dated the 22nd January 1945. The particulars sought for in Appendix 'A' of the Residency letter above is similar to those already furnished by the Iron and Steel Works except for the mention of date of delivery of goods. The General Manager, Mysore Iron and Steel Works, has been requested to furnish even this information urgently.

In regard to the heavy electrical requirements of the Iron Works, called for in Appendix 'B' of letter No. F.26-ID (2)/45 dated the 6th January 1945 from the Deputy Secretary to Government of India, Department of Industries and Supplies, New Delhi, and his subsequent letter dated the 10th ~~December~~ February, 1945, the General Manager, Mysore Iron and Steel Works, states that he has already notified the Electrical Commissioner of the requirements of the Works up to and including the year 1950. Copy of letter No. G.1838 dated the 28th September 1945 received from the General Manager, Mysore Iron and Steel Works, is enclosed herewith for information.

The statements of official requirements both of capital goods and heavy electrical plants, of several Government concerns under the control of the Board of Industrial Concerns, have been called for from the Convenor and the same have not been received yet in spite of reminders. On receipt of statements from him, they will be consolidated and transmitted to you.

I have the honour to be,
Sir,
Your most obedient servant,

COMMISSIONER.

Sub:- Post-war requirements of Capital Goods and Heavy Electrical Plants.
Ref:- Your letter No.1831/44-45 dated the 8th June 1945 with enclosures.

From a careful perusal of the letter F-26-ID(2)/45 dated the 6th January 1945 from the Deputy Secretary, Government of India, Department of Industrie and Supplies, it is clear that the requirements now called for are the requirements of Governments as distinguished from the requirements of selected industries.

According to their previous circular to selected industries and your mem No.3073-7 dated 10-11-1944 on this subject, we have forwarded to you the lis of our post-war requirements with our letter No.4390 dated 20th January 194

Regarding Appendix B to this letter of the Deputy Secretary and also his letter dated 10th February 1945, we write to state that we have already noti fied the Electrical Commissioner of our requirements up to and including 19 and hence no additional reply is now necessary.

Sir,

I am directed to refer to my letter No.RF.391-43/Pol., dated the 16th January 1945.

2. I am to forward a copy of letter from the Central Government in the Commerce Department to Provincial Governments, No.21(36) ITC/45, dated the 23rd October 1945 and to state that the Central Government have asked that the State Governments or Darbars should follow the same procedure in respect of indents from States.

3. I am to add that the Commerce Department letter of the 16th February 1945 referred to in paragraph 1 of the enclosure merely informed the Provincial Governments that the registration scheme applied also to the requirements of Provincial Governments.

I have the honour to be,
Sir,
Your most obedient servant,

Registration of post-war requirements of imports of Capital Goods.

"G" encl.

I am directed to refer to this Department letter No.1(83)-ITC/43 dated the 16th February 1945 to all Provincial Governments/the Chief Commissioners, on the above subject and to clarify below the details of the procedure to be followed by them regarding the registration of their post-war requirements of imports of Capital goods.

(i) If an indent is placed on the Supply Department who in turn place an indent on the Director General, India Store Department, Blackpool (England), the registration of capital goods covered by such indents will be a matter between the Commerce and the Supply Departments, in common with other Central Government indents. The Provincial Government/The Chief Commissioner will have no action to take in the matter.

(ii) If an indent is placed on the Supply Department who place an order on an Indian firm, or if the Provincial Government/Chief Commissioner place(s) an order on an Indian firm, it is the firm who have to apply for registration in the usual way and again the Provincial Government/Chief Commissioner have/has no action to take in the matter.

(iii) If, however, the Provincial Government/Chief Commissioner place/places a direct indent on the Director General India Store Department, Blackpool, or on a firm in the supplying country, the Provincial Government/Chief Commissioner would have to apply for registration to the Chief Controller of Imports, New Delhi, before placing the indent or order, even though no import licence be required. The Government of India would accordingly be glad to know whether the Provincial Government/Chief Commissioner actually place/places indents in this manner for capital goods as defined in this Department letter No.1(83)-I.T.C./43 dated the 23rd Decembe 1944 to all Chambers of Commerce/Associations (copy sent to Provincial Governments/Chief Commissioners). If so, it is requested that an indication of the number of such indents may kindly be furnished, and also steps taken for the proper registration of such indents in future.

(iv) Further, should the form of indenting mentioned in (iii) above exist, the Government of India would be glad if the Provincial Government/Chief Commissioner could devise some special procedure for canalising such applications for registration through the

the Provincial Government/Chief Commissioner concerned in order to avoid any confusion which is likely to result from attempting to explain the registration scheme to subordinate authorities in the Province and leaving it to those authorities to make direct applications for registration.

(v) As regards the obtaining of special priority for any particular order for registered capital goods, it is understood that, owing to relaxation of controls in the supplying countries, only in cases of exceptional importance could such priority be obtained. If, however, the Provincial Government/ Chief Commissioner attach/attaches any special importance to any particular requirement, they/he may inform the Chief Controller of Imports who will make arrangements for such priority assistance as may be possible to be accorded

Letter No.E.C.1012/45-46 dated 2nd January 1946, from the Commissioner of Economic Development and Planning, to the Secretary to Government, Development Department, Bangalore.

Subject:- Registration of Post-war requirements of capital goods and statement of Official requirements of capital goods and heavy electrical plants.

With reference to your letter No.D.4211/I.&.C.43-44-35 dated the 27th November 1945, requesting to be informed as to whether the several concerns whose applications for registration of capital goods, which were forwarded to Government with this office letter No E.C.845/45-46 dated the 2nd November 1945, have also sent similar applications for registration of goods to the Chief Controller of Imports, Commerce Department, New Delhi, as required, I have the honour to ~~xtkxxstate~~ state that the General Manager, Mysore Iron and Steel Works, Bhadravathi, and the Convenor, Board of Management of Industrial Concerns, Bangalore; who were consulted in the matter have replied that the applications of the several Government, Government aided and private industrial concerns, which were sent through this Department have not sent similar applications to the Controller of Imports. The Mysore Chrome Tanning Company, Ltd., have however intimated that they have forwarded a list of machinery required by them to the Directorate General of Supply, Tanning and Foot-wear Directorate, New Delhi, through the Controller, Leather and Tanning Industries, H.&.S.Factory, Cawnpore, for assisting them with the necessary Import permits.

I, therefore, request that the applications so far forwarded from this Office with letters No.E.C.845 and 856/45-46 dated the 2nd November 1945 and the 4th December 1945 respectively, may be kindly forwarded to the Chief Controller of Imports, New Delhi, through the Residency.

As regards the statements of Official requirements of capital goods and heavy electrical plants called for in your letter No.D. 8218 dated the 2nd June 1945 as required in the Residency letter No. R.F.391-43/Pol. dated the 25th April 1945 and its enclosures, I am to state that the General Manager, Mysore Iron and Steel Works, Bhadravati has replied that the list of post-war requirements of the works had been forwarded with his letter No.4390 dated the 20th January 1945. These statements in duplicate were forwarded to Government with this office letter No.E.C.1103/44-45 dated the 22nd January 1945. The particulars sought for in Appendix 'A' of the Residency letter above is similar to those already furnished by the Iron and Steel Works except for the mention of date of delivery of goods. The General Manager, Mysore Iron and Steel Works, has been requested to furnish even this information urgently.

In regard to the heavy electrical requirements of the Iron works, called for in Appendix 'B' of letter No.F.20-ID (2)/45 dated the 6th January 1945 from the Deputy Secretary to Government of India, Department of Industries and Supplies, New Delhi, and his subsequent letter dated the 10th February 1945, the General Manager, Mysore Iron and Steel Works, states that he has already notified the Electrical Commissioner of the requirements of the works up to and including the year 1950. Copy of letter No.C.1838 dated the 28th September 1945 received from the General Manager, Mysore Iron

Iron and Steel Works, is enclosed herewith for information.

The statements of Official requirements both of capital goods and heavy electrical plants, of several Government concerns under the control of the Board of Industrial Concerns, have been called for from the Convenor and the same have not been received yet in spite of reminders. On receipt of statements from him, they will be consolidated and transmitted to you.

Letter from the Joint Secretary to the Government of India, Department of Commerce, to all Provincial Governments etc., No.1(83)I.T.C/43., dated the 7th December 1945.

Registration of post-war requirements of capital goods.

I am directed to refer to Commerce Department's letter No.1(83)I.T.C./43, dated the 1st January 1945 and to enclose for the information of the Provincial Governments a copy of a Press Note dated 23rd November 1945 which has been issued on the subject of certain modifications in the scheme for registration of post-war requirements of capital goods.

2. The revised procedure for submission of applications described in paragraph 1 of the Press Note, applies only to goods required for the Cotton Textile Industry and covered by the following Serial Numbers of the Import Trade Control Schedule appended to Commerce Department's Notification 23-I.T.C./43 dated the 1st July 1943:-

Part III-4, 5(1) and 5(2).

PRESS NOTE.
Facilitating Capital Goods Imports.

With a view to facilitating early consideration of applications for registration of requirements of capital goods for the cotton Textile industry, it has been decided that the Deputy Chief Controller of Imports, Bombay, who is the licensing authority for cotton textile machinery, millstores, and component parts, should receive such applications on behalf of the Chief Controller of Imports New Delhi.

Applications for registration of such goods should, therefore, in future be addressed to the Deputy Chief Controller of Imports, Bombay, in the first instance, in the prescribed form.

It has also been decided that imports of capital goods for stock and sale, whether for the requirements of

of the cotton textile industry or any other industry, will require registration by only if the value of any of the individual units included in the stock order is Rs.25,000 and over (or Rs.10,000 and over in the case of machine tools), irrespective of the total value of the order.

It has further been decided that, in future, when once an application has been accepted for registration, an import licence will be issued as quickly as possible after issue of the Registration Certificate, from whatever country import has been registered and whatever the goods concerned. In other words, acceptance of registration carried with it automatically the right to an import licence.

Sir,

I have the honour to state that with a view to doubling the production of the Tannery and advancing the operations of the Boot Manufacturing Section, an order was placed with M/s. Landis Machine Co., St.Louis U.S.A. and the Turner Tanning Machinery Co., Leeds, for the supply of the required machinery as per list herein enclosed. As the firms pointed out the need for import licences for the same, we applied to the Chief Controller of Imports, New Delhi for the same as far back as 24th Aug.1945 but the Licences have not been received so far. At the request of the Convenor, board of Management of Industrial Concerns in Mysore,Bangalore, we sent him also a list of the above Machinery with a request to kindly take up the matter with the India Govt. authorities and secure for us the necessary Import Permits. It is learnt that he has forwarded our requisitions to the Government.

As it would take about 18 months from the date of receipt of the Import Licence to ship the machinery, the firms have been pressing us for the Licence. I request you therefore to kindly take up the matter with the authorities concerned through the Hon.Resident in Mysore, if necessary, and arrange for the Licences being sent expeditiously as we cannot afford to delay this any longer.

Development Department, B a n g a l o r e.

The Secretary to the Hon'ble the Resident in Mysore,

B a n g a l o r e.

Sir,

Subject:- Postwar Industrial development - Requirements of capital goods.

With reference to the correspondence ending with your letter No.H.F.823(1) 43. Vol.dated the 20th January, 1946, on the above subject, I am directed to state that the lists sent with this office letters dated 3-1-1946, 8-2-1946 & 27-2-1946 were in response to your letter No.H.F.391-43/Vol. dated 8-10-1941. The information contained in these lists was in a limited form and was said to be required by the Government of India to be forwarded to the Secretary of the State for India (vide copy of Government of India letter No.F.16/TP(C)45 dated 8-1-1946 sent with Residency letter No. C.F.391/43.Vol. dated 25-4-1946). But what was sent with this office letter No. Cl.1701/H.d C. 45-46 dated 25-1-'46 were the applications for registration of Postwar orders for capital goods in accordance with Government of India Letter No.1(83)I70./43 dated 23-11-1944 received with Residency letter No.H.F.391/43/Vol. dated the 10th January, 1945. It is distinctly stated in your letter No.H.F.391/43. Vol. dated 25-4-1946, that the furnishing of the information required by the Secretary of State "should in no way be taken to obviate the necessity for registration of Postwar orders for capital goods". Therefore it seems necessary to forward the applications now sent, to the Chief Controller of Imports, New Delhi. ~~They are accordingly forwarded herewith for favour of transmission.~~

I am also to enclose herewith two copies of consolidated state-

statement of official requirements received from the Commissioner of Economic, Development and Planning, together with a copy of his letter of 21-1-1946. The list in duplicate (enclosed) indicating the date of deliveries in respect of the equipment required by the Mysore Iron & Steel Works, is forwarded in continuation of this office No.Fol.1913 dated 27-2-1945 enclosing the original lists.

I am also to enclose herewith a copy of letter No.3108 dated the 30th January 1946 of the Chairman, Mysore Chrome Tanning Co., Ltd., Bangalore, and its enclosure and to state that the list referred to therein is included in the applications sent with this office letter No.Fol.1706 dated the 23rd January, 1946. In view of the urgency represented, the Residency may, if there is no objection, kindly request the Chief Controller of Imports to register the order of the Company and send the import licence as soon as possible.

Dated Bangalore, 6th March, 1946.

~~NOTIFICATIONS~~

OFFICIAL MEMORANDUM.

The following Press note dated the 23rd November 1945, regarding certain modifications in the scheme for registration of Postwar requirements of capital goods, issued by the Government of India, are republished for general information, in continuation of the previous notifications on the subject published in Mysore Gazette dated 15-2-1945 and 30-8-1945, respectively.

Facilitating Capital Goods Imports.

With a view to facilitating early consideration of applications for registration of requirements of capital goods for the cotton Textile industry, it has been decided that the Deputy Chief Controller of Imports, Bombay, who is the licensing authority for cotton textile machinery, millstores, and component parts, should receive such applications on behalf of the Chief Controller of Imports, New Delhi.

Applications for registration of such goods should, therefore, in future be addressed to the Deputy Chief Controller of Imports, Bombay, in the first instance, in the prescribed form.

It has also been decided that imports of capital goods for stock and sale, whether for the requirements of the cotton textile industry or any other industry, will require registration only if the value of any of the induvidual units included in the stock order is Rs.25,000 and over (or Rs.10,000 and over in the case of machine tools), irrespective of the total value of the order.

It has further been decided that, in future, when once an application has been accepted for registration, an import license will be issued as quickly as possible after issue of the Registration Certificate, from whatever country import has been registered and whatever the goods concerned. In other-words, acceptance of registration carried with it automatically the right to an import license.

By Order,

Secretary to Government,
Development Department.

Sir,

SUBJECT:- Registration of Post-war requirements of capital goods.

In inviting your kind reference to this Office letters Nos. E.C.645 and 856/45-46 dated the 2nd November 1945 and the 4th December 1945 respectively forwarding applications for registration of capital goods received from the several Industrial Concerns with the Chief Controller of Imports, New Delhi, I have the honour to state that the Convenor, Board of Management of Industrial Concerns, Bangalore, requests that arrangements may be made for an Import Licence being issued to Messrs. The Stoneware Pipes and Potteries, Ltd., Bangalore City, who have already placed orders with Messrs. Farmer Bros. (Gresley Ltd., Excelsior Works, Castle Gresley, near Burton-on-Trent, England (U.K. for the manufacture and supply of part of their requirements of machinery registered.

The aforesaid manufacturers in England have also accepted the order of the Mysore Stoneware Pipes and Potteries, Ltd., and the latter have written to state that they have sent a copy of their application for registration of Capital goods to the Chief Controller of Imports, on learning from ~~them~~ him that their application was not traceable in his Office files and have requested for an early grant of Import Licence to them.

Copy of the Press Note ~~on the Press Note~~ on the subject of registration and issue of Import Licence forwarded to me with your Memo No.D.6750/I & C dated the 6th March 1946 indicates that acceptance of registration carries with it automatically the right to ar Import Licence.

P.T.O.

As the several Industrial concerns, whose applications for registration of capital goods were forwarded to the Chief Controller of Imports through this Government have been enquiring whether their applications have been registered and if so, the date within which Import Licences may be expected, for arranging credits etc., from now alone in order to save time and avoid possible inconvenience, I request you to kindly obtain this information from the Chief Controller of Imports and communicate to me for transmission of the same to the several industrial concerns concerned.

The Import Licence asked for by the Mysore Stoneware Pipes and Potteries, Ltd., may also be kindly recommended to be issued very early.

I have the honour to be,
Sir,
Your most obedient servant,

COMMISSIONER.

Registration of Postwar Requirements of capital goods.

Sir,

I am directed to refer to your letter No.Pol.1706/IEC-43-44-46, dated the 23rd January 1946 and to forward a copy of a letter from the Deputy Chief Controller of Imports to M/S The Mysore Iron and Steel Works, Bhadravati, No.1(33) CC/IC, dated the 1st/6th May 1946.

I have the honour to be,
Sir,
Your most obedient servant,

Letter from the Deputy Chief Controller of Imports, New Delhi, to Messrs.The Mysore Iron and Steel Works, Bhadravati, No.1(33)CC/46, dated the1st/6th May 1946.

Registration of Postwar requirements of Capital Goods - Machinery to be imported from U.K. or U.S.A.

With reference to the sixteen applications dated the 25th September 1945 received through the Resident, Mysore State for registration of your requirements of machine tools etc., I am to observe that in all the applications you have stated that the country from which goods are to be imported, will be either U.K. or U.S.A. You have not been, it seems, able to furnish full particulars against items 7, 8, 12, 16 and 18 in all the applications. As it is now more than seven months since you first thought out your plans for expansion of your industry, it is expected that you should have progressed considerably in locating your requirements either in the United Kingdom or the United States of America.

I am therefore to point that this Office is unable to consider your various requests unless your furnish complete details as required in the application. I have specially

specially to request you to decide from which source you desire to import your requirements. If from U.S.A. your attention is particularly invited to item 13 of the application wherein applicants are required to state special reasons for not purchasing from the sterling area countries. Documentary evidence proving non-availability of the goods in U.K. should, if available, be produced to this office in order to justify import from a difficult currency country.

The Deputy Chief Controller of Imports,
(Capital Goods Branch),
Government of India,
NEW DELHI.

Dear Sir,

Sub:- Registration of Capital Goods.

Ref:- Your letter No.1(33)CG.46/2612 & 4409 of 6th May 1946 and 8th July 1946.

In reply to your above letter, we write to state that subsequent to our application for registration referred to, we learnt that a number of our machine tool requirements would probably be met by surplus goods available from Government of India stocks. In the case of other requirements there has been unavoidable delay in the receipt of quotations from foreign countries and subsequent correspondence for clarification of points arising from those quotations. Hence we have not been able to furnish full particulars regarding items 7, 8 and 18.

We have already filled under item 16 that the Mysore Iron and Steel Works are owned and managed by the Government of Mysore and no capital issue is involved for its developments.

We have so far been able to get complete information for four of the applications namely (1) Power presses for Brick Plant, (2) 7½ Ton Electric crane, (3) Ten ton steam loco crane, (4) 3.3 K.V.

switch board. Subsequent to your above letter we have furnished full information for item (3) and we are awaiting final sanction before sending you the information in the other three cases.

We are trying to finalise these proposals as quickly as possible and the full information will be furnished as soon as it is available.

We note your remarks regarding purchase from non-sterling countries.

PRESS NOTE.

CAPITAL GOODS REGISTRATION
REVISED LIST OF ITEMS RETAINED.

In pursuance of their general policy of relaxation of import c the Government of India have decided to revise the present list of capi goods for which Registration has hitherto been required before an import licence could be obtained. All items except those covered by Serial Numbers below under the head "Items Retained", are being removed from the list. It will not be necessary for importers to apply for Registratio in respect of the items now excluded.

It will, however, still be necessary to apply for import licences for the capital goods, which have under this revision been removed from the purview of the Registration Scheme. Applications for import license for such capital goods should be hereafter made to the licensing authority concerned, and not necessarily to the Chief Controller of Imports, New Delhi Licenses will not, however, be necessary for import of certain items from the Sterling areas of the British Empire, which have been included in Open General License No.VII. The question of including more items in Open General License VII is also under active consideration.

ITEMS RETAINED.

The following Serial Numbers in the Schedules attached to the Commerce Department Import Trade Control Notification No.23/ITC/43, dated July 1943 and the Machine Tool Control Order (as amended up to date) will be retained:

IMPORT OF CAPITAL GOODS: REVISION IN PROCEDURE.

Capital Goods Registration Scheme which was ed in December, 1944 has been abolished. In , therefore, it will not be necessary for intending importers of capital goods to apply for prior registration of their requirements. They may now apply straightway for licences.

Applications for capital goods which relate to industries for which post-war planning has been approved by the Government of India will be dealt with in accordance with such plans. Those relating to industries for which plans have not yet been approved by the Government of India will be considered on merits by the Chief Controller of Imports in consultation with the Government of India Inter-Departmental Capital Goods Import Committee which meets once a fortnight. Applications relating to the Cotton Textile Industry, which is a planned industry, will continue to be dealt with by the Deputy Chief Controller of Imports, Bombay, and those relating to other capital goods will be dealt with by the Chief Controller of Imports as heretofore. The definition of the term 'Capital Goods' will remain the same as at present.
